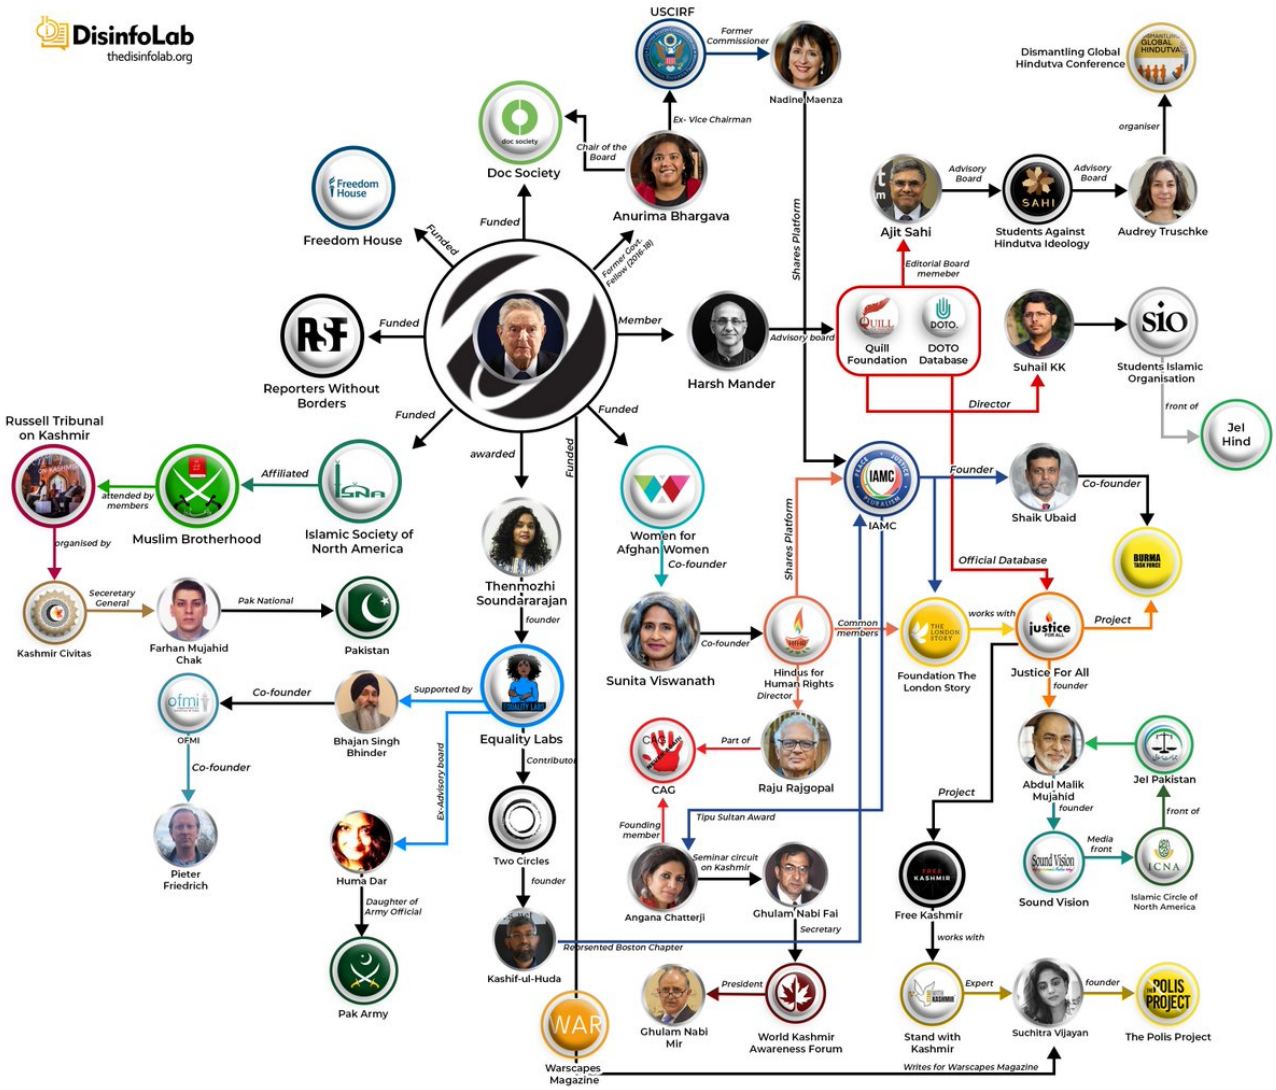
Philanthropist' #GeorgeSoros has been promoting democracy all over the world – just like that.

Incidentally, many fronts that target India's image with fake data & fabricated stories, exploiting India's fault-lines, found to be linked with #Soros - just like that!

A Thread:



India has been very lucky in terms of enemies – from Islamists to Communist China. But

there are players who operate from shadows. From layers within layers. Our protagonist is one.

The machinery he runs manage to exploit all Indian fault-lines simultaneously.
Let's see

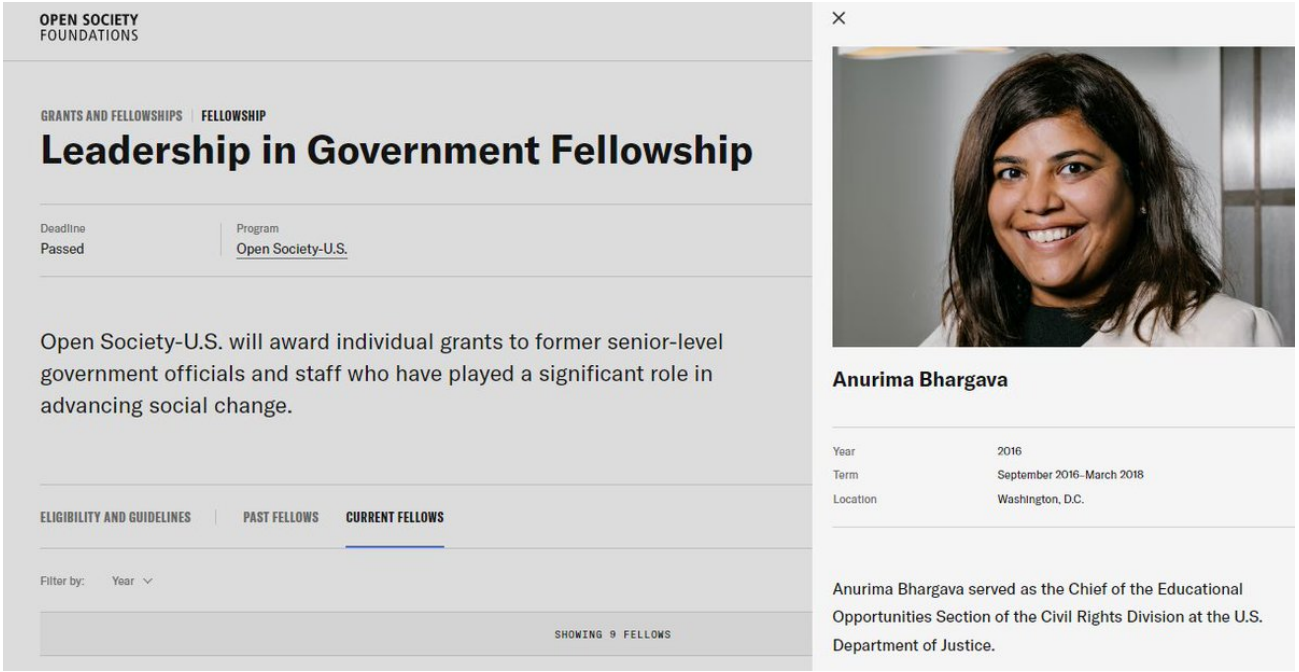
Religious Freedom:

India has been blacklisted by the USCIRF on religious freedom (2020-22). Its commissioner, Anurima Bhargava played a critical role in backlisting India, and called for sanctioning India.

Bhargava is 2016 Fellow of the Open Society Foundation (OSF)!

(3/n)



Anurima later moved from USCIRF to the 'Doc Society,' a US-based documentary & multimedia house known for its documentary on Ravish Kumar.

Doc Society also receives funds from OSF. Expect some blockbusters.

Kashmir Conflict:

There has been a sudden spurt of 'foreign experts' on Kashmir since 2019 – one such expert is Khaled Beydoun. Interestingly, Beydoun didn't talk about India or Kashmir till about 2019.

Beydoun had received Soros Equality Fellowship in 2018.

Khaled Beydoun will build on his academic research to develop trainings to help educate and empower over-policed and under-protected Muslim communities across the country on issues such as surveillance and counter-radicalization.

Islamophobia in India?

While the Islamophobia narrative was launched through a orchestrated campaign by Pak establishment, the narrative has also been pushed by global foot soldiers like Beydoun, again from 2019.

Fascism

Campaigns for labelling India as Fascist state is spearheaded by 'Hindus for Hire (HfHR)' since 2019.

HfHR cofounder, Sunita Vishwanath is ex-Associate Director at Soros Reproductive Health fellowship. Her other front ‘Women for Afghan Women’ is funded by OSF!

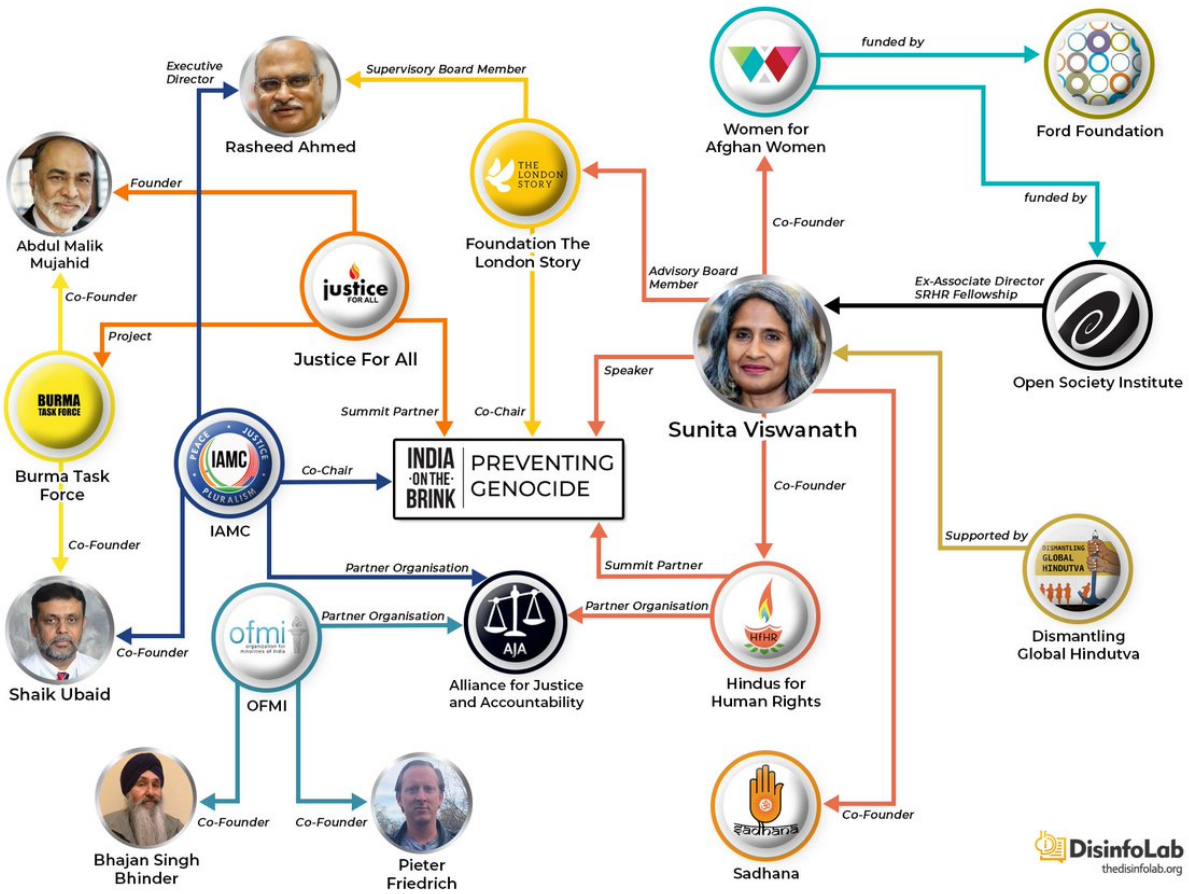
Key Personnel Changes

Benjamin Chu, a physician, has been named to the board of directors of the American Legacy Foundation. He is president of the Kaiser Foundation Health Plan and Hospitals Southern California Region and is a former president of the New York City Health and Hospitals Corporation.

Helene Gayle, who directed the Gates Foundation's HIV, TB, and Reproductive Health program through February 2006, has been named president and CEO of CARE USA, "the international poverty-fighting organization," said a December 2005 press release. She will start there in the spring of 2006. CARE USA is based in Atlanta. **Nick Hellman,** already at the Gates Foundation, has been named interim director while a search for Gayle's successor is conducted, said a prepared statement by Patty Stonesifer, cochair and president of the foundation.

Mary Johnson became vice president for communications at the United Hospital Fund in August 2005. She succeeded Phyllis Brooks, who left the fund to help run a gourmet French food company.

Sunita Mehta has been appointed executive director of Funders Concerned About AIDS (FCAA). Most recently, she was associate director of the Soros Reproductive Health and Rights Fellowship Program, which is housed at Columbia University. Mehta succeeds Derek Hodel, FCAA's interim executive director.



“Genocide”

Having set up Islamophobia & Fascism, next in line was genocide. The prophet to predict impending genocide (since 2019) in India is Gregory Stanton, founder ‘Genocide Watch’. His 'Cambodian Genocide Project' was funded by Open Society Institute.

Coincidence

(8/n)

Pragmatism

The Cambodian Genocide Project offered to assist in breaking the legal logjam, and with funding from the Open Society Institute, provided legal advice to the Cambodian government. The Coalition for International Justice convened a group of legal advisors to key missions to the U.N., who drafted a General Assembly Resolution that ordered the U.N.'s Office of Legal Affairs back into negotiations based on the Cambodian law. The resolution passed in December 2002, despite Amnesty International and Human Rights Watch opposition.

Caste fault line:

While caste is a major concern for Indian society, for some strange reason the poster girl for Dalit discourse is US born & raised activist Thenmozhi Soundarajan (Dalit Diva), who set-up 'Equality Labs'.

Guess who provides the required grants: OSF!

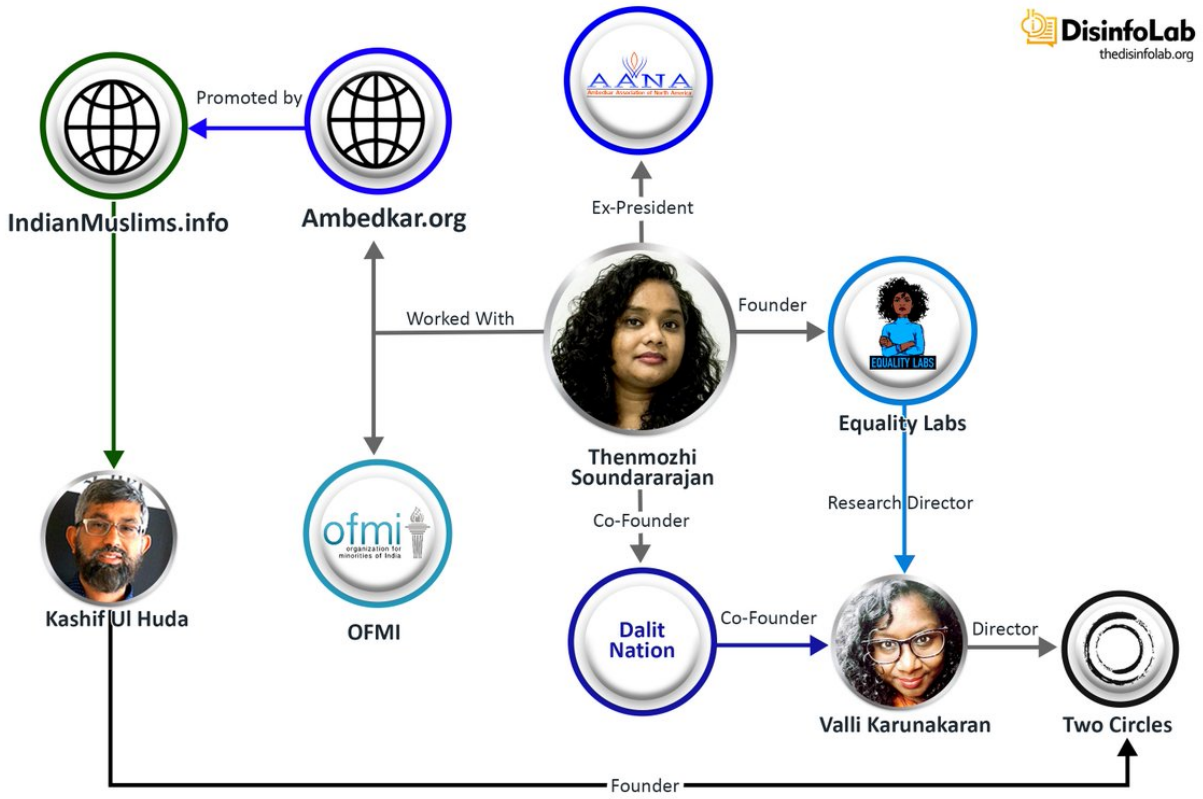
Incidentally, Dalit Diva is also a Jamaat darling, associated with the same nexus led by IAMC & Justice For All (JFA). This is not surprising how a shallow report by Equality Lab managed to influence not only MNCs but local govts, and gets substantial media space.

(10/n)



Before Dalit Diva, former journalist, VT Rajsekhar was the face of Dalit/ Caste discourse in India.

Presently, VT Rajsekhar's son, Salil Shetty is VP of OSF. Shetty has previously worked at Amnesty International and Action Aid India (banned for receiving foreign funds).

Corruption:

The Rafale Deal between India and France faced prolonged corruption accusations globally. The French NGO- Sherpa Association had filed the complaint in France.

Sherpa is funded by the OSF!

Sources of funding and transparency

Sherpa operates mainly thanks to grants from French and foreign private foundations. The association is notably supported by the Charles Léopold Meyer Foundation for the Progress of Man, as well as by Open Society Foundations, Humanity United, Ford Foundation, Freedom Fund, Olin Ggmbh and Bay and Paul Foundation.

Sherpa also receives donations from individuals – which give rise to a tax reduction.

Once this art-work of #SorosGang has succeeded in painting India as 'Islamophobic' & 'Fascist' – the artist himself arrives on scene – to correct this democratic anomaly.

Its time to change the govt in India!

(17/n)

But this is NOT the story. This is NOT even the beginning of the story. This is prelude.

The story coming soon – Magarmachh! (crocodile). Stay Tuned.
